

# **Signature Musical Services**

## **PRICE LIST, May 2009**

### **WRITTEN ARRANGEMENTS:**

#### **From Catalogue:**

3-part set (Keyboards, Bass & Drums) - £14.00 per set

Additional Parts: (If available) £2.95 per instrument

#### **New Arrangements:**

Prices vary according to the length of the song, and are calculated per page of manuscript. As a general guide, a keyboard part (double stave) is approx. 20 bars per page: a 3-stave part with vocal line and lyrics (good for dodgy club organists!) is approx. 16 bars per page. Other parts - bass, drums, guitar, etc - single stave - approx. 40 bars per page.

All keyboard parts have the bass line plus any important string or brass parts cued, so that the arrangement will still work even with a minimum line-up of keyboards and drums.

**Keyboards / MD Part, 2-stave:** £24.00 up to 4 pages, then £3.99 per page

**Keyboards / MD Part, 3-stave:** £28.00 up to 4 pages, then £4.99 per page

Medleys: As above, plus £3.75 for each song included

Bass, Drums and Guitar Parts: £3.99 per page

### **Front Line Arrangements:**

**Up to 4 F/L instruments** (e.g. Trumpet, Alto, Tenor & Trombone) - £26.00 plus parts @ £3.99 per page.

**Up to 6 F/L instruments** (e.g. Trumpets 1 & 2, Trombone, Alto, Tenor & Baritone saxes): £50.00 plus parts @ £3.99 per page.

(Higher rates may apply for exceptionally long songs or medleys)

The prices quoted for Front-Line arrangements are in addition to the cost of the rhythm parts. If you already have rhythm section parts, new frontline arrangements can be added to them at the above rates.

## **Larger Ensembles:**

Arrangements created for larger bands or orchestras - e.g. string section, extra keyboards or percussion, etc - calculate as above rates, with approx. £6.00 addition for each extra instrument.

ALL ***Signature*** ARRANGEMENTS ARE PRINTED ON TOP QUALITY 160 gsm PAPER, OR CAN BE EMAILED AS .pdf FILES IF REQUIRED

**Rehearsal tracks** (a simple piano accompaniment to help with learning a number) £3.50 per song

## **BACKING TRACKS:**

**From catalogue:** £10.00 per track. (£16.00 if alterations such as cuts, transpositions, etc, needed)

**New tracks:** £55.00 up to 4 minutes, then £7.00 per minute

**Medleys:** £60.00 plus £7.00 for each song included.

**The above prices are based on creating a backing track for a fairly straightforward "chart-type" song, from the original recording. Higher rates will apply if the track is more complex - frequent tempo changes, dense orchestration, etc, or if an arrangement needs to be created from scratch.**

Backing tracks can be supplied on CD or MiniDisc, or as AIFF, WAV, mp3 or mp4 files.

Backing tracks can be supplied in click-track format if required. Please add £5.00 per song for this.

Above prices are exclusive of the cost of the blank discs and postage, which will be added to the final bill.
